Remarks/Arguments:

Upon entry of the present amendment, claims 1-24 and 26 will remain pending in this application. Claims 1-9 and 13-24 have been withdrawn from consideration, although Applicants maintain their position presented in the response to the Examiner's restriction requirement.

The Examiner has rejected claims 10-12 under 35 U.S.C. § 112, first paragraph, as containing subject matter that was not described in the specification. The Examiner states that the phrase "smooth, solid crystalline particles" does not appear in the specification. The pages numbers referred to in Applicant's previous response referenced another application owned by assignee, and Applicant respectfully submits the above amendments to claim 10, support for which appears in the current specification at pages 3, 4, and 7.

If there remain any additional issues to be addressed, the Examiner is invited to contact the undersigned attorney at 404.815.6147.

Respectfully submitted,

Kristin M. Crall
